

Maxi Construction Limited

## Sports & Leisure

### Pavilion | Football Club Development | Broxburn

This project was for the construction of a new pavilion/club facility (1,111m<sup>2</sup>) providing changing accommodation (10 changing rooms with showers, 3 officials changing rooms and 2 disabled changing areas), a club room, office, treatment room, laundry room, kitchen facilities and a lift.

The building is of steel-frame construction and features larch timber cladding.

Works also included the installation of floodlights and associated pitch works including perimeter fencing and footpaths.
