

Maxi Construction Limited

Environmental Policy Statement

Company Environmental Policy Statement

Statement of Policy

It is the policy of the Company in its design, construction and project management activities to respect the importance and sensitivity of the environment and enhance it where possible.

This policy is issued with the full support of the Directors and Senior Management of the company and all procedures and practices outlined are mandatory at all levels and shall be complied with explicitly at all times.

Policy

This policy will be implemented in design standards, material selection, planning and management on site to ensure the environment is not polluted or damaged and the health and safety of all employees is protected.

Current legislation and procedures as they affect design standards, material selection, operational activities, pollution and waste disposal will be adhered to as a minimum through company procedures, directions, training, health & safety practices.

Any breach of this policy will be dealt with quickly and through the appropriate review channels.

Signed :

J C Aitchison
